FOAA Anesthesia Services Testimonials

I am very pleased with the quality patient care and clinical expertise provided by FOAA Anesthesia Services. The anesthesiologists and CRNAs from FOAA are extremely efficient and caring. I run a busy, well-established endoscopy center that requires a high level of expertise from every clinician involved. Everyone associated with FOAA is committed to safety, making sure the patient is comfortable and working as a member of a highly performing team of professionals. Not only is FOAA a quality organization, working with them has been a delight.

David B. Doman, M.D.
Montgomery Endoscopy Center
Silver Spring, MD

The team at FOAA Anesthesia Services is excellent, extremely good...I can't give them enough praise. They are extremely pleasant, easy to work with and get the job done without any issues, and my patients are very happy. I have worked with several anesthesia groups over the years and FOAA Anesthesia Services is the best.

Homayoun Hashemi, M.D.
Vascular Surgeon
Falls Church, VA

FOAA has tangibly demonstrated their value to our team from literally the first time I talked with Dr. Vilasi by phone. Their responsiveness and sensitivity to our needs - our local situation - has been surpassed only by the clinical reassurance and the supportive service they are now providing to our patients, our surgeons, other specialists and staff. FOAA clearly understands that providing care means far more than delivering a strong clinical outcome within the footprint of the OR. They understand that "top quality" is the entire team's responsibility, and they definitely make a positive contribution to that team goal.

Faye Gargiulo, Vice President
Riverside Health System
Newport News, VA

FOAA Anesthesia Services has made it possible for our endoscopy center to offer to our patients "painless endoscopy". The anesthesiologists place safety first and are always concerned with patient comfort. FOAA is a true partner, willing to take ownership and be an integral member of our endoscopy team. FOAA management is very professional, proactive and genuinely cares about the practice and our patients. I couldn't be more pleased with our decision to partner with FOAA Anesthesia Services.

Daniel J. Pambianco, M.D.
Charlottesville Gastroenterology Associates
Charlottesville, VA

The anesthesiologists and CRNAs associated with FOAA Anesthesia Services are the most responsive group with whom I've worked. They are extremely flexible and always available and willing to do what is necessary to resolve any issues that may arise. I appreciate the fact that they take ownership of the patient's well-being and pain management for both routine and complex obstetrical cases.

Walter J. Hodges, M.D.
Obstetrics and Gynecology
Fairfax, VA
